

ACSL-flightstack/include  
/flightstack/utils/continuous  
\_lyapunov\_equation.hpp

```
graph TD; A["ACSL-flightstack/include  
/flightstack/utils/continuous  
_lyapunov_equation.hpp"] --> B["Eigen/Dense"]; A --> C["Eigen/QR"];
```

The diagram illustrates the dependencies of the header file `ACSL-flightstack/include/flightstack/utils/continuous_lyapunov_equation.hpp`. Two blue arrows point from the header file box to the `Eigen/Dense` and `Eigen/QR` boxes, indicating that these Eigen modules are required for the header file to function correctly.

Eigen/Dense

Eigen/QR
